**MLS 155 - ANNUAL REPORT 1998 - 1999**

During the course of our exploration program in the Harts Range area, on other Chambigne Garnet tenements, we have taken time to inspect the above mentioned lease on several occasions.

We have endeavoured to ensure the integrity of the lease pegs and cleared vegetation as may have grown to obscure them.

Since the granting of this lease, there has been no other field activity (exploration) whatsoever in this particular tenement.

As originally stated, we will inform the Department of Mines and Energy prior to any anticipated field activity in MLS 155.

Yours faithfully

R JOLLY  
MANAGING DIRECTOR
