

**Code, Description**

- Pch, Chert
- Pg, Medium to coarse grained, sometimes porphyritic, tourmaline-muscovite-bearing biotite granite; medium grained granodiorite; strongly foliated to foliated.
- Pg-m, Medium to coarse grained, sometimes porphyritic, tourmaline-muscovite-bearing biotite granite; medium grained granodiorite; strongly foliated to foliated.
- Pg1, Small intrusive
- Pgn, Undifferentiated intrusive
- Pha, Dacitic and rhyolitic ignimbrite, lava and tuff; minor feldspathic/lithic, volcanoclastic/tuffaceous arenite and siltstone
- Phq, Quartz arenite and lithic/feldspathic arenite, commonly pebbly; minor felsic volcanics
- Phs, Feldspathic/lithic/micaceous arenite, quartz arenite, sometimes pebbly
- Phz, Siltstone, quartz-mica schist, feldspathic/lithic arenite, amphibolite
- Pkd, Metadolomite sills
- Pkl, Sandstone, siltstone
- Pik-m, Sandstone, siltstone
- Ptl, Sandstone
- Ptm, Sandstone
- Plug, dolerite
