Dear Carla,

### **Re EL 8921**

I write as representative of Adelaide Resources Limited [ARL], and on behalf of tenement holder, Adelaide Exploration Limited [AEL], in reference to annual reporting requirements on the above exploration licence.

As you are aware, AEL has only recently acquired the licence through a purchase agreement with Newmont Australia. No field activities were undertaken by Newmont during the previous annual period, April 8, 2004 to April 7, 2005.

However, a work program for the renewal of EL 8931 has been previously submitted by ARL and I would ask that this program be accepted as sufficient to fulfil the annual reporting requirements for the above period.

A Heritage Clearance survey has been scheduled through the Central Land Council for early June and it is expected that field activities on both EL 8921 and adjacent 7739 will commence during the current Dry Season.

Yours sincerely
