Re Exploration Licence 9077 – Auric (NT) P/L.

Dear Michelle

Due to a falling out of the Directors and Company Secretary, no work has been carried out for the last period of this licence.

The Company Secretary, Mr Bob Stroud, has allowed this company to be wound up by the A.S.C. and nothing could be done to resolve this matter.

Yours sincerely

19/8/98

N. McCleary
