

PROJECT GEOLOGY LEGEND

- Mi Metic schist
- Eg Granite
- Etm Madigan beds
- Etd Davidson beds
- Etb Blake beds
- Ett Thomson beds

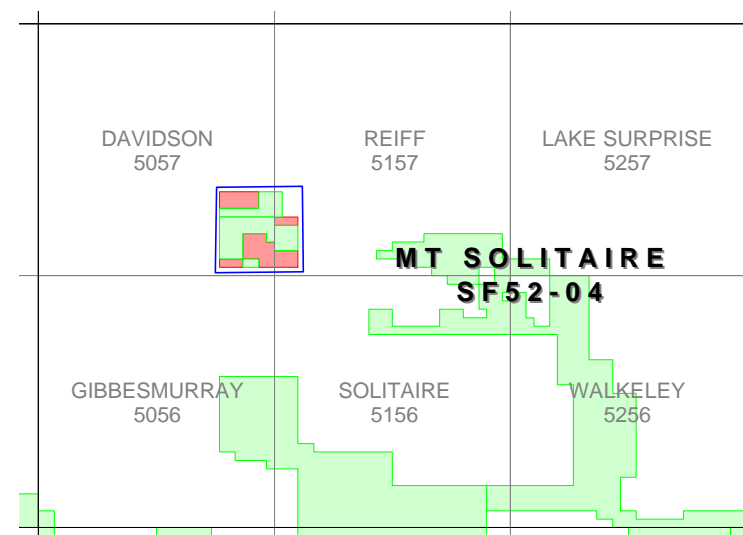

Archaean gneisses

- Ar Archaean gneiss complex and granulites

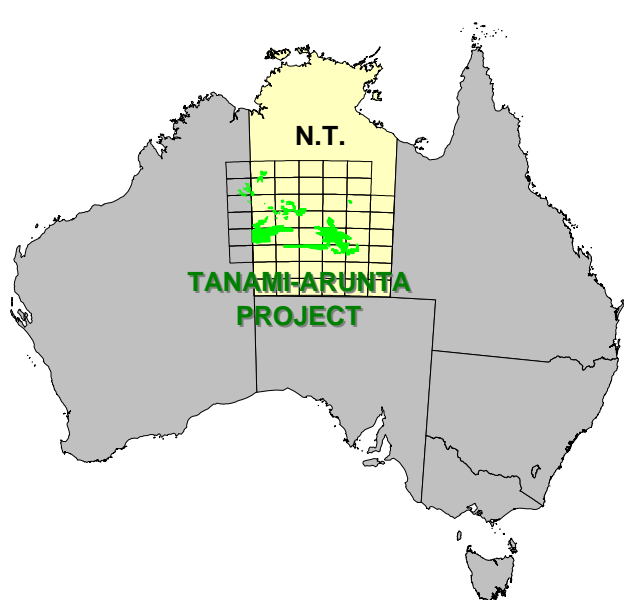

- Boundary of Geological units
- Trend of bedding or layering
- Fault
- Thrust
- Strike and dip of bedding or layering
- Schistosity
- F₁ anticline fold axial trace
- F₂ fold axial trace
- Test area in Archaean gneiss
- Tenement
- Ar thrust over Etd

- Existing Access Track
- New Tracks for Tanami Gold N.L.
- New Tracks for Traditional Owners
- Exclusion Zone
- Cleared Drill Grids

1 : 250 000 SHEET LAYOUT
