## **Proposed Work program 2001 - 2002 \***

### **EL 3346**

The main part of the 2001-2002 proposed exploration work will possible be diamond drilling to follow up on anomalies identified in the 2001 airborne survey.

Some geophysical ground follow up of the anomalies of the 2001 airborne survey is under consideration.

Some limited structural mapping is possible.

\* The above listed program is provisional at this time. The final program will depend on the budget allocation to occur towards the end of 2001 and the results of the presently ongoing airborne survey.
