EXPLANATION

- Geological boundary
- Position accurate, inferred, approximate
- Fault
- Uncertainty
- Limit of ULNL 1988 percussion drilling.
- Radiometric anomaly.

LEGEND

- Cross bedded, pinkish grey, quartz sandstone.
- Boulder conglomerate.
- Cross volcanics - purple amygdaloidal flow.

PA. 1
- Massive coarse grained grey sandstone.
- P.S. - Rhyolite to dacitic tuff and flow.
- P.S. - Interbedded shale and siltstone with chert horizons and nodules.
- P.S. - Bleached shale and siltstone with sandstone and tuffaceous horizons.
