### MINERAL LEASE N 153 - CESSATION REPORT

Dear Ms Turnbull,

Thank you for your recent correspondence (dated 16<sup>th</sup> April 2007) regarding the requirement for a cessation report to be lodged with the Titles Division by 5 June 2007.

Mineral Lease N 153 was secured for possible project work in the area but has never been developed or operated on.

As there has been no surface disturbance no rehabilitation has been carried out. No posts or boundary markers remain on site.

Should you require any further information or wish to organise a site inspection in order to clear the tenement environmentally please don't hesitate to contact me.

Kind regards

Deborah Cahill
