### **Waiver Reduction Exploration Licence 24204**

We apologise for the late lodgment of the reduction and request an extension of time in which to comply with the requirements.

97 graticules are to be surrendered from a total of 255, as this is not 50% we seek exemption and a waiver of section 26 in respect to the balance.

The reason being that examination of the geophysics flown to date shows anomalies in the remaining areas that need further investigation before release. In addition it is proposed to obtain the geophysics for the graticules not yet flown.

Attached please find an expenditure report for the work completed to date.
