

Project	Sample_Number	Drill or Outcrop	Formation		TS Type	Describe	PIMA_File_ID	Brief Description of Sample	CPS	Specific queries:
Goomadir River	GR071000	Outcrop	Phr		STD	Y	TBA	Coarse-grained sandstone with quartz veining in and along joints/fractures and occasional small pebbles	42	What is the composition and mineralogy of the sample?
Goomadir River	GR071015	Outcrop	Phr		STD	Y	TBA	Well-sorted, medium-grained sandstone, limonitic and occasional jarosite in minor clay matrix	80	How altered is the sandstone?
Goomadir River	GR071025	Outcrop	Phe		STD	Y	TBA	Well sorted, medium-grained, clean quartz arenite. Occasional small black tourmaline crystals	90	What is the identity of the small black prisms - tourmaline or biotite?
Goomadir River	GR071028	Outcrop	Phe		STD	Y	TBA	Well-sorted, clean quartz arenite, occasional tourmalines throughout, cross-bedded	85	What is the identity of the small black prisms - tourmaline or biotite?
