5th March 2010

Dear Sir/Madam,

I would like to request a waiver to cookie cut geophysical data on relinquished ground for EL25224. As shown in the attached images (see attached Relinquishment Report), the blocks dropped cover a small portion of a large survey which covered EL25223, EL25228 and EL25224. The complete data set for the survey was submitted to the department in the annual report for CR110 Pine Creek in January 2010.

Thank you for your attention to this matter,

Andrew Chapman
