1:250000 Tennant Creek SE5314  

1:100000 Short Range 5659  

March 2011
SUMMARY

The tenement is located about 35km northwest of Tennant Creek in the central part of the Northern Territory.

MCC1035 was granted to Tennant Creek Gold Pty Ltd on 16th November 1990. The licence was transferred to WDR Gold Pty Ltd, a wholly owned subsidiary of Western Desert Resources Ltd (WDR), on May 2nd 2008. It formed part of the “White Devil East” tenements, along with MCC’s 1036, 1040, 1041, 1042, 1113, 1117-20 and 1351. MCC1035 is part of the “M18 Prospect”, which is an ironstone hosted Tennant Creek style gold target.

No work has been carried out on this mineral claim since it was last renewed (Mackie, 2005). There has been nil expenditure on this tenement by WDR Gold Pty Ltd.
