

LEGEND

Sacred sites

- Registered site
- Recorded site
- Extent of registered site

Airphoto coverage

- Frame number
- Limit of coverage

Other features:

- Fence
- Bore
- Track
- Creek line
- Sand dune

Airborne Survey

- Area of Survey

Geological Interpretation

- Contact
- Boundary
- Fold axis
- Fault/lineament
- Thrust
- Bedding trace

Ngalia Legend

- Or** Shale wash
- Qa** Alluvium
- Qc** Coluvium
- Qs** Aeolian sands
- Ql** Pliocene lake sediments
- Qq** Residual granitic sands
- Czf** Lignite & peatitic gravels
- Czg** Residual quartz gravels
- Czc** Fan sediments
- Ce** **MOUNT ECLIPSE SANDSTONE**
Alkaline sandstone and conglomeratic sandstone
- Pab** **ALBINA FORMATION**
Mudstone, dolomitic mudstone, shale, minor stratigraphic dolomite, black chert
- Czf** **VAUGHAN SPRINGS QUARTZITE**
Thin to fine sandstone with abundant mudstone pebbles, minor gneissic sandstone, minor mudstone
- Pab** **Troyer Member**
Thinly bedded mudstone, shale, quartz sandstone, minor gneissic sandstone
- Pave** **East Valley Member**
Quartz sandstone
- Pgs** **SOUTHWESTERN GRANITE SUITE**
Magmatic biotite and biotite-muscovite granite, minor even-grained granite, leucogranite
- Pns** **NORRIS BEDS**
Quartzite, gneissic schist, schistose felsic volcanic and volcaniclastic rocks
- Prg** **LANDER ROCK BEDS**
Muscovite-mylonite quartz schist, quartzite, gneissic schist
- Pm** **Metamorphosed gneiss, schist, migmatite**

Scale: 1:50,000

Geology modified after Mt Doreen 1:250,000 sheet
