WOODCUTTERS PROJECT

We ask that this nil report letter be accepted in lieu of the following Annual Reports:

- The 'Area 44' Combined Annual Report which was due on 31 December 2005 in respect of MLN 11-12, MLN 323-325, MLN 1104 and MLN 1106

- The 'Woodcutters' Combined Annual Report which is due to be lodged by 3 March 2006 in respect of MLN 314-315, MLN 344-345, MLN 977 and MLN 1095-1097.

The Woodcutters mine ceased operations and is now a legacy site. No exploration or mining work was conducted on the tenements during 2005. Work has been limited to environmental monitoring and rehabilitation as reported in the Mining Management Plan. The revised MMP, reviewing the previous year's activities and outlining the proposals for the coming year, is due to be lodged in March 2006.

As the 'Area 44' report was due to be lodged on 31 December 2005, we wish to seek an extension of time in which to lodge this nil report.

Yours faithfully,

Jenny Falvey
