Dear Sir:

OP75 Basic Data

In response to your letter of July 22 requesting that we deposit basic data from surrendered permits, we are today forwarding by air freight seismic magnetic tapes as listed below obtained during the Simpson Desert "B" Seismic Survey on OP75, which was the only work carried out by Amerada on this permit.

8 ✓

These tapes are consigned in three packages addressed to The Director, Mines Branch, Darwin. The attached maps show the location of seismic lines and shot points in OP75 and also in OP64.
