Registrar

Sir, this is my annual report for 2006
on MCR 3383, 3384, 3810.

During the year due to ill health I did
no exploration or mining due to ill health
and my total expenditure was nothing.

Already I have had 2 operations in Royal
Darwin Hospital for Cancer. These operations
were successful and I no longer have Cancer.
However, my muscles were disturbed by
the Cancer internally and I now face 2
more operations to be done in Adelaide in
the near future. Hopefully, my health
will be once again good and in 2007 after
the wet I plan to do drilling but will
notice the Mines Department at such time

Thank you

Sincerely

Richard Casey Jennings Magie
