Re: Annual Report mineral claim N4280 Pine Creek.

Dear Principal Registrar,

This Annual Report is submitted to cover our obligations and in view of advices received from your Department.

Initially your Department's advice was received that the Report was to be lodged by the 15th of June annually. We have not received any other advice to the contrary.

Kath McMahan, wife of partner Graham McMahan contacted your Department (Debbie 2/6/06) in relation to the Annual Report and was advised that there had been a change and the Report was now required three months after the end of December.

Kath McMahan was referred to Carla (2/6/06) who said that the Report had been due by March. Carla further stated she would make a file entry for this year and our next annual report would be due by March 2007.

In view of the above and on behalf of the registered title holders of Mineral Claim 4280 I wish to advise in the preceding 12 months no other activities other than tourist fossicking were carried out on the abovementioned claim.

Yours sincerely,
Graham McMahan on behalf of himself and
Raymond Francis Doherty.
