Minerals & Energy Titles Division
GPO BOX 3000
Darwin NT 0801

Dear Sir

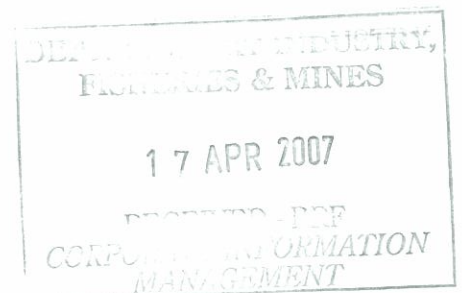

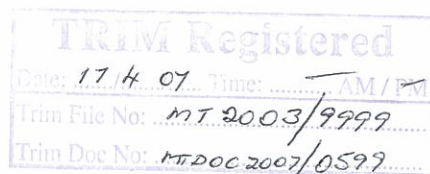

In 1999 I caught Doug Stone with 20 illegal fossickers on my claim
and inaction of mines & energy to prosecute the stress caused by this I had a near
fatal heart attack for a few years I was unable to work the claim
using metal detectors beside the creeks only about 3 small nuggets have been found the biggest 3
grams in size
we go to the claim 4 times a year on week ends using a dry blower and work the dry creeks in the
area yielding 2 grams a day
Due to better health I hope to go there more often this winter
Peter works 5 times yearly with dry blower in creeks 80 hours
Michael works 3 weekends yearly with metal detector 60 hours
