- 8 NOV 2010

Dear Sir/Madam

### **Termination of Exploration Licence 25497**

The above exploration licence was automatically cancelled on 25 August 2010 upon the grant of Substitute Exploration Licence 27731.

Pursuant to section 32 of the Mining Act, the final report, including details of all exploration on the licence area during the term of the licence, must be lodged with the Titles Division by 25 November 2010.

Final reports must include details of ALL exploration activities on the area for the entire life of the licence. Should any area not be retained under the new SEL a separate report must be lodged for this area. Please ensure that each report clearly states if there is continuing tenure relating to the reporting area, so that it may remain on closed file.

The proposed expenditure for the final year of the licence was set at \$50,000.00. Should the expenditure not be met you are required to lodge a request for a variation of covenant along with the prescribed fee of \$57.00 per licence.

Yours sincerely

MAREE WEBSTER  
Mining Registrar
